

## **Admissions Procedure**

Prospective students are invited to arrange an initial interview with the Principal or Vice Principal.

We invite you to attend an informal interview so that you can meet us to discuss your requirements. We will give advice on the most appropriate courses to suit your needs.

Students are assessed on an individual basis. Successful applicants are offered a place and become enrolled in the College upon receipt of a completed enrolment form.

Please get in touch with our Admissions Secretary, if you require any further information about the College or would like to arrange an interview.
